FIREFIGHTERS

EXT: THE APARTMENT BUILDING - DUSK

A NYC style apartment building is on fire. Firefighters are scrambling into the building with hoses. Ladders are fully extended but only reach the 4th floor, and the building is five stores tall!

FIREFIGHTER

(Exhausted)

Chief, we can't get up to five.  
She's starting to come down on the  
inside.

BATTALION CHIEF

Is anyone still inside?

FIREFIGHTER

If there is, we can't reach them.

WOMAN

My babies!

In the fifth floor window two small kids can be seen in silhouette. The fire is raging behind them.

WOMAN (CONT'D)

My babies!

BATTALION CHIEF

Gimme your mask, I'm going in!

FIREFIGHTERS

The floors are collapsing. You'll  
never make it!

They grab him and hold him back.

BATTALION CHIEF

Get the ladders up there!

FIREFIGHTER

Chief, we did all we could. We  
can't reach that floor!

BATTALION CHIEF

Get that window open and get those  
kids to jump!

A flash of light and Myles zooms by the Chief

BATTALION CHIEF (CONT'D)

(Who was that Masked  
Man?)
