BOOKER, SWITCH, DEE AND DERCK - THE STREET TOUGHS

Dee is a female. Booker is enormous. Derck is the leader. Switch is vascular and a crazy.

EXT: MYLES NEIGHBORHOOD - DAY

A very cool pair of sunglasses (Bane's glasses) land near a gang of street toughs. There are three males and a female. One member of the group is much larger than Bane.

BOOKER

What the hell is that?

SWITCH

Someone threw their shades out a window.

DERCK

Not their shades...my shades.

Derck rips them from Switch's Hand. We see Bane exiting the house nearby. Bane sees the thug wearing his glasses and heads over to collect them. As he walks over he steps on a toy Tonka dump truck, crushing it in his path. He approaches the gang. As he heads toward them they begin to taunt him.

DERCK

Well if it isn't Ichabod Crane.
Where's your pumpkin head Pops?

DEE

Is that your nose or are you
eating a banana?

SIMON BANE

My glasses...

BOOKER

(laughs)
There's all kinds of crazy in the
world.

DERCK

This clown's a couple of midgets
short of a circus. Beat it
grandpa.

SIMON BANE

You *clearly misunderstood...now*
then, my glasses.

DERCK

You know Bozo, it's a shame
stupidity isn't painful.

SIMON BANE

(grins)
Ah, but it is...

Bane steps forward and like the stroke of an artists brush,
effortlessly lands a hard straight punch into the center of
Derck's body. Derck is sent flying through the air.

DEE

Well don't just stand there you
stupid ape! Do something!!

BOOKER

Say goodnight grandpa...

Booker swings his giant fist and arm to strike Bane's blind
side. Bane's enhanced hearing warns him that Booker is
attacking from behind. His lightning fast alien reflexes
twitch to action. Bane shoulder throws Switch directly
into Booker's punch. Switch gets clocked and is out for the
count.

Booker swings wildly. Strikes that are easily avoided.
Bane gets behind Booker. Again Booker is confused, until
Bane grabs Booker by the head and launches him into a
wrestling style throw. Booker is humorously flying through
the air screaming. Booker's head hits a fire hydrant that
rings like a bell and then shoots water into the sky. Bane
turns and looks at Dee.

DEE

What...what...what are you?

SIMON BANE

Modestly Arrogant.
Good day Miss.
