

GENERAL NAILS

A Loud
Mouthed General

GENERAL NAILS

EXT: AREA 51 TYPE MILITARY BASE - DAY

We hear a female doctor KATERINA TESLA speaking on the phone with a stereotypical loud mouth, GENERAL NAILS.

NARRATION

30 Miles away. NSA TOP SECRET
BASE. Location: Classified.

GENERAL NAILS

Sixty years a tinkerin' on that
armor and still no progress.
What the hell are you eggheads
doing out there. . .and don't say,
"If you tell me you'll have to
kill me", cause I'll rip you a new
one, four eyes!

KATRINA TESLA

General, the suit can't be
duplicated. Element 116 doesn't
exist on earth.

GENERAL NAILS

So only one man gets the E.T.
Tuxedo? . . .and the X-80 Hunter
Killers?

KATERINA TESLA

Armed and fully operational.
Though I should tell you, the
suits abilities far exceed those
of the X-80's.

GENERAL NAILS

So you're telling me to build an
army with a bunch a toy soldiers
and one suit of alien armor?

TESLA

General, I'm telling you that in
the right hands . . .The suit I'm
sending you . . .is an army.

GENERAL NAILS

I'm glad one of us has such
confidence. When do I get to see
this miracle weapon?
