

# NEIGHBOR WOMEN

Women in the neighborhood

INT: A HOUSE - DAY

Two women are having coffee one is upset and one is consoling.

WOMAN 1

I know how you feel, but it's been over a year since Michael left you.

You need to get on with your life. You can't just sit around this house waiting for a man to drop out of the sky.

The ceiling comes crashing in as Bane crashes into the living room in front of them leaving a huge hole in the roof, 2nd floor and a hole in the ground of the first floor. He is a foot or two down in the hole.

WOMAN 2

(in disbelief)

Maybe we should switch to Decaf?

Back where we left Bane. Bane sits up. He survived! This is the first clue to the viewer that Bane is not a normal human being.

SIMON BANE

Sorry about the...*Crash Landing*.

Bane stands and heads out the front door.

WOMAN 1

Wait...What are you doing Saturday...Are you married?...Will you call me?

WOMAN 2

Maybe he'll drop by again.

The women are left staring at the whole in the ceiling and the hole in the floor.
